Occupational Safety, Health and Environment Policy

Our company is operating our business based on the philosophy to realize that we should always take good care of our employee to have good quality of life. In order to provide safe working environment and performing our activities in social compliance, our company has issued the Occupational Safety, Health and Environment policies as follows :

1. Our company will be operating and developing the occupational safety, health and environment continuously and always comply to the rules and regulations according to the law.
2. Our company will set objectives and goals for operating in occupational safety, health, and environment continuously to be able to develop and improve our operations constantly.
3. Our company will set measure for preventing accidents and occupational diseases and support the occupational safety, health, and environment for the employee.
4. Our company will minimize any losses from our production process to control the negative effects to the environment at minimum.
5. Our company will provide supports in terms of personnel, time, budget, and seminar for creating conscious minds towards occupational safety, health, and environment to our employee.
6. Our company will perform our activities to achieve our goals in regards of occupational safety, health, and environment with our full performance and continue to develop and improve our performance continuously. Which these policies will be published to our employee and sub-contractors, and to our society.
